

## Position: Forester

### Your mission

The Forester will be responsible for leading our field team of carbon and commercial forestry consultants. You will have experience in field plotting for FMA under the NZETS, carbon credit yield modelling, silviculture, sustainable logging practices and forest stewardship. Affinity with iwi would be an advantage, and some international travel may be required.

Please note all our staff are expected to be vaccinated against COVID-19 and to keep their vaccination current. You must have the right to live and work in New Zealand.

### Main tasks and responsibilities

- Provide professional carbon, commercial and conservation forestry advice and services
- Work efficiently in the field to promote our services profile and provide timely independent advice on releasing sustainable forest wealth from clients' properties
- Prepare carbon, commercial and conservation feasibility reports for clients
- Assist clients to prepare applications for entry of Post-1989 forests into the NZETS
- Assist clients to participate in voluntary carbon markets
- Provide forest management and forest stewardship advice and services tailored to the specific needs of clients
- Train and mentor assigned forestry staff
- Assist other staff to include forest-related information in their reports
- Represent GreenXperts as a forestry liaison person in national and international markets

## Your profile

- Degree in forestry, environmental science, surveying, engineering or related field
- 2-10 years' experience in forestry services industry
- Familiarity with mapping tools such as drones and Arc GIS Pro
- Experience with GPS measuring tools and mapping plot data, photographic skills
- Familiarity with NZETS requirements for Pre-1990 and Post-1989 forestry
- Attention to detail and good problem-solving skills
- Excellent written and verbal communication
- Enthusiastic in working with existing and potential new clients and project partners
- Strong customer service skills, affinity with iwi an advantage
- Professional discretion and efficiency
- Well-developed time management skills
- Strong organisational skills
- Physically fit
- Well presented at all times when interacting with any person during company business

## What We Offer

- Starting contract package negotiable hourly rate, plus telephone expenses
- Provision of Microsoft 365 license
- Flexible Working hours 16-40+ hours per week, some in international time zones
- Expenses and travel allowance, field equipment and safety gear
- Payment of professional organisation membership fees
- Compulsory Professional Development Programme and mentoring
- Collegial working environment
- An opportunity to work in a 21<sup>st</sup> century company dedicated to secure sustainability
